Tetranitroblue tetrazolium chloride						
Chemical Enzymatic Synthesis	;: Tetranitro	oblue tetrazolium chlo	oride			
Chemical Country of manufacture: India Chemical Chemical			Country of origin	Country of origin of starting materials: N/A		
Starting Materials Chemical Enzymatic Synthesis						
Chemical Enzymatic Synthesis	Material	5		-		
Fermentation Organic Synthesis Human/Animal Plant Micr Natural GMO Human, animal, plant, or microbe material was used or came in contact with the starting materials or the equi reagents, or media used for its processing, purification, and/or storage. Specify starting materials (for chemical origin) or organism (and relevant health information, if applicable): Manufacturing Process			Organic		Inorganic	
Organic Synthesis Human/Animal Plant Micr Biological Natural GMO Human, animal, plant, or microbe material was used or came in contact with the starting materials or the equi reagents, or media used for its processing, purification, and/or storage. Specify starting materials (for chemical origin) or organism (and relevant health information, if applicable): Manufacturing Process	Enzyr	natic Synthesis				
Human/Animal Plant Microbal Biological Natural GMO	Ferm	entation				
Biological Natural GMO Human, animal, plant, or microbe material was used or came in contact with the starting materials or the equi reagents, or media used for its processing, purification, and/or storage. Specify starting materials (for chemical origin) or organism (and relevant health information, if applicable): Manufacturing Process	Organ	nic Synthesis	X			
Human, animal, plant, or microbe material was used or came in contact with the starting materials or the equi reagents, or media used for its processing, purification, and/or storage. Specify starting materials (for chemical origin) or organism (and relevant health information, if applicable): Manufacturing Process			Human/Animal	Plant	Microbe	
Human, animal, plant, or microbe material was used or came in contact with the starting materials or the equi reagents, or media used for its processing, purification, and/or storage. Specify starting materials (for chemical origin) or organism (and relevant health information, if applicable): Manufacturing Process
