Certificate of Analysis

Catalogue Number	30299
Lot Number	002154-2016-171
Product	Strontium carbonate

CAS Number	1633-05-2
-------------------	-----------

Molecular Formula	SrCO ₃
--------------------------	-------------------

Molecular Weight	147.63
-------------------------	--------

Appearance	White powder
-------------------	--------------

Solubility	Clear and colorless (10% in dil. HCl)
-------------------	---------------------------------------

Melting Point	1100 °C
----------------------	---------

Density	3.7 g/mL at 25 °C
----------------	-------------------

Assay	99.998% (Metals basis)
--------------	------------------------

Grade	Ultra Pure
--------------	------------

Application	Used for electronic applications. It is used for manufacturing CTV to absorb electrons resulting from the cathode
--------------------	---

Storage	Store at RT
----------------	-------------

Remarks	See material safety data sheet for additional information
----------------	---

For laboratory use only

The foregoing is a copy of the Certificate of Analysis as provided by our supplier
