## **Certificate of Origin & BSE/TSE**

Date: 5/5/2023 5:44:18

#### Identification

| Item name:   | ame: NHS-PEG4-SPDP |                              |                   |  |  |  |  |
|--------------|--------------------|------------------------------|-------------------|--|--|--|--|
| Catalog #:   | 39682              | Country of origin of startin | ng materials: USA |  |  |  |  |
| Lot #: 00346 | 5-072922           | Country of manufacture:      | USA               |  |  |  |  |

#### **Starting Materials**

|   |                     | Organic         |  | Inorganic |         |  |  |  |
|---|---------------------|-----------------|--|-----------|---------|--|--|--|
| Chemical  | Enzymatic Synthesis |                 |  |           |         |  |  |  |
|   | Fermentation        |                 |  |           |         |  |  |  |
|   | Organic Synthesis   | x               |  |           |         |  |  |  |
| Biological  |                     | Human/Animal Pl |  | ant       | Microbe |  |  |  |
|   | Natural             |                 |  |           |         |  |  |  |
|   | GMO                 |                 |  |           |         |  |  |  |
|   |                     |                 |  |           |         |  |  |  |
| Human, animal, plant, or microbe material was used or came in contact with the starting materials or the equipment, |                     |                 |  |           |         |  |  |  |
| reagents, or media used for its processing, purification, and/or storage.   |                     |                 |  |           |         |  |  |  |
| Specify starting materials (for chemical origin) or organism (and relevant health information, if applicable):      |                     |                 |  |           |         |  |  |  |
| 3-mercapto-propanoic acid, tetraethylene glycol, t-Butyl acrylate   |                     |                 |  |           |         |  |  |  |
| Manufacturing Process   |                     |                 |  |           |         |  |  |  |
| Organic Synthesis Enzymatic Synthesis Other, Specify:   |                     |                 |  |           |         |  |  |  |
| Human or animal material was used or came in contact with the product or equipment, reagents, or media used for its |                     |                 |  |           |         |  |  |  |
| processing, purification, and storage.  |                     |                 |  |           |         |  |  |  |
| The organism listed above (if applicable) is a genetically modified organism (GMO) or an enzyme derived from a GMO. |                     |                 |  |           |         |  |  |  |
