Human, anim reagents, or r Specify startir	al, plant, or microbe materia	al was used or came in corag, purification, and/or stora	ntact with the starting mat	s 🗷 No	
Human, anim reagents, or r Specify startir Manufactu	al, plant, or microbe material media used for its processing materials (for chemical or process) aring Process	al was used or came in corag, purification, and/or storagin) or organism (and rele	ntact with the starting mat	s 🗷 No	
Human, anim reagents, or r Specify startin Manufactu	al, plant, or microbe material media used for its processing materials (for chemical or process) aring Process	al was used or came in corag, purification, and/or storagin) or organism (and release)	ntact with the starting matage.	s 🗷 No f applicable):	
Human, anim reagents, or respecify starting Manufacture Grgan Human or ani	al, plant, or microbe material media used for its processing materials (for chemical of the process mic Synthesis	al was used or came in corag, purification, and/or storagin) or organism (and release)	ntact with the starting matage. Ye evant health information, Other, Specify: duct or equipment, reage	s 🗷 No f applicable):	
Human, anim reagents, or respectively starting Manufacturely Organ Human or aniprocessing, p	al, plant, or microbe material media used for its processing materials (for chemical of the processing materials (for chemical of the processing processin	al was used or came in corag, purification, and/or storagingin) or organism (and release) are in contact with the pro	atact with the starting matage.	s No f applicable):	
Human, anim reagents, or reagents, or respective starting. Manufacture Organism or aniprocessing, performation or aniprocessing or	al, plant, or microbe material media used for its processing materials (for chemical of the process mic Synthesis	al was used or came in corag, purification, and/or storagin) or organism (and release) cymatic Synthesis ame in contact with the pro	atact with the starting matage.	s No f applicable):	
Human, anim reagents, or respectively starting Manufacturely Organ Human or aniprocessing, p	al, plant, or microbe material media used for its processing materials (for chemical of the processing materials (for chemical of the processing processin	al was used or came in corag, purification, and/or storagin) or organism (and release) cymatic Synthesis ame in contact with the pro	atact with the starting matage.	s No f applicable):	
Human, anim reagents, or reagents, or respective starting. Manufacture Organism or aniprocessing, performation or aniprocessing or	al, plant, or microbe material media used for its processing materials (for chemical of the process mic Synthesis	al was used or came in corag, purification, and/or storagin) or organism (and release) cymatic Synthesis ame in contact with the pro	atact with the starting matage.	s No f applicable):	

General Declaration:

To the present state of our knowledge we declare the above CII product does not contain any BSE / TSE AGENT. This declaration is given in good faith and no warranty express or implied with respect to quality and properties is made.
